Hi Stacy.

Did some looking at Plan Approval 62-017G for United Refining which we discussed. This plan approval was for a coker project which was mostly never constructed. It predates our current system, so I don't have it as a .pdf, but I've attached some of our review documents below. I'll also see what I can do to get you a copy of their current operating permit, which I'll send separately.

Any questions, please let me know.

Thanks,
Adam
